

## Model : SPP-MTHEW20

### 20m WIFI HDMI Extender

- Transmit HDMI audio and video signal via built-in WIFI
- The longest distance up to 20m in an open environment, up to 10m with partition wall
- The resolution of HD video signal up to 1920 x 1080P@60Hz, support WIFI auto-connection
- Adopts international standard H.264 format to compress and decompress video, effectively improve transmission efficiency, ensure smooth playback
- Built-in automatic equalization system, Image smooth, clear and stable
- Built in ESD protection
- Plug and play

#### Specifications :

Interface	RX: 1x Micro USB power port, 1x HDMI input TX: 1x Micro USB power port, 1x HDMI output
Power adapter	DC 5V2A
Support protocol	HDCP1.2
Compression format	H.264
Pixel Bandwidth	165MHz
Full digital port Bandwidth	Total Bandwidth 6.75Gbps
WIFI RF power	13dbm
WIFI standard	802.11ac
Signal direction	Single
WIFI frequency	2.4GHz/5GH
WIFI standard	802.11ac
Power	Power adapter: DC12V
Consumption	Max 9W
Operation temperature	-5°C to 70°C
Operation Humidity	5 to 95%
